CPC Lead Projects			
CPC lead projects are ones where the PI has an appointment at CPC			
Title	Project Team	Funding Source	Project Stage (early/mid/end)
Improving the wellbeing of people with advanced cancer and their family carers: An effectiveness-implementation trial of an Australian dyadic digital health intervention (FOCUSau)	Peter Hudson , Jennifer Philip, Jillian Francis, Richard De Abreu Lourenco, Ilona Juraskova, Kathleen Gray, Michael Jefford, Suzanne Kapp, Joachim Cohen, Jane Phillips, Patsy Yates, Sophy Athan, Linda Brown, Aline De Vleminck, Sungwon Chang, Kristina Thomas, Laurel Northouse	The National Health and Medical Research Council (NHMRC)	early
Singing For Inspiration – A randomized, controlled, crossover, phase II/III, 2-arm trial to investigate feasibility, acceptability, and preliminary effectiveness of hybrid online/face-to-face singing groups compared to standard of care for wellbeing and symptom management in participants with lung disease.	Natasha Smallwood , Peter Hudson, Jennifer Philip, Amy Pascoe	Windermere	mid
Expanding the reach and impact of ‘Carer Help’: Enabling undeserved family carers and support workers to care for a person with advanced disease (Carer Help Diversity)	Mark Boughey , Jennifer Tieman (Caresearch), Project Officers: <u>Kristina Thomas</u> , Di Saward	Commonwealth of Australia - Public Health and Chronic Disease Grant Program	mid
Understanding end-of-life care for patients at St Vincent’s Hospital, Melbourne	Jennifer Weil , Kathryn Ducharlet, <u>David Marco</u>	N/A	end
QUALDEATH: development of an evidence based systematic approach to reviewing the quality of dying experience for patients with advanced cancer where death was expected.	Peter Hudson , Sue-Anne McLachlan, Lesa Stewart, Mark Boughey, Maria Coperchini, Brian Le Project Officer: <u>Hannah Gould</u>	Western and Central Melbourne Integrated Cancer Services (WCMICS)	end
Patient outcomes following referral to outpatient vs inpatient palliative care services	David Marco , Anna Collins, Brian Le, Jennifer Philip	N/A	End
Implementing and evaluating a Palliative Care Discharge and Outreach Program	David Marco , Mark Boughey, Tamsin Bryan, Julie McDonald	N/A	End

For more information, please contact the Centre for Palliative Care at centre.palliativecare@svha.org.au

Collaborative Projects			
CPC collaborative projects are projects where a CPC staff member is on the investigator team but not the PI			
Title	Project Team	Funding Source	Project Stage (early/mid/end)
A Phase III, international, multi-centre, double-blind, dose increment, parallel-arm, randomised controlled trial of duloxetine versus pregabalin over 14 days for opioid unresponsive cancer-related neuropathic pain [DEPART Pain]/ Duloxetine and Pregabalin for Neuropathic Cancer Pain	Jennifer Weil , Katherine Clark, Bharathy Gunasekaran, <u>Indy Khera</u>	National Health and Medical Research Council (NHMRC)	early
Understanding healthcare professionals' experiences and perspectives of non-malignant supportive care services at St Vincent's Hospital Melbourne	Bharathy Gunasekaran , Jennifer Weil, Tamsin Bryan, Kathryn Ducharlet, <u>David Marco</u>	N/A	early
Improving palliative care in a correctional health setting, evaluating a new model of care	Tamsin Bryan , Jennifer Philip, Stacey Panozzo, <u>David Marco</u>	St Vincent's Hospital Melbourne – Research Endowment Fund (REF)	early
Recognising palliative care needs in a general medical unit (SPICT)	Tom Whelan , <u>David Marco</u> , Tamsin Bryan, Jenny Weil	St Vincent's Hospital Melbourne – Research Endowment Fund (REF)	mid
Implementing and evaluating a state-wide palliative care telephone advisory service (PCAS)	Brian Le , <u>David Marco</u> , Anna Collins, Jennifer Philip	Department of Health and Human Services Victoria	mid
INCA: Temazepam or Melatonin versus placebo for the treatment of insomnia in advanced cancer: A three arm, double blind, phase III, multicentre, randomised clinical trial	Jennifer Philip <u>Indy Khera</u>		early
Enhance: A multi-centre, randomised, phase IV study to compare the efficacy of oxycodone/naloxone versus oxycodone prolonged release tablets in patients with advanced cancer	Aaron Wong , Jennifer Philip <u>Indy Khera</u>	Mundipharma	early

CPC Current Projects – April 2022

For more information, please contact the Centre for Palliative Care at centre.palliativecare@svha.org.au

Prevalence and severity of insomnia in Australian palliative care patients	Aaron Wong , Jenny Liang, Juli Moran, <u>David Marco</u> , Jennifer Philip	N/A	end
ACE – Advanced cancer and cachexia exercise trial	Kelcey Bland (ACU) , Jenny Weil, Melissa Moore <u>Indy Khera</u> .	Australian Catholic University	mid
Identifying barriers and limitations to adopting the Care Plan for the Dying Person (CPDP-Vic) for expected deaths in hospital	Helen James , Tian-Bai Qui, <u>Jennifer Weil</u> , Tamsin Bryan, <u>David Marco</u>	N/A	end
Cachexia in non-small cell lung cancer (NSCLC)	Jenny Weil , Melissa Moore <u>Indy Khera</u> .	Helsinn Healthcare SA - Switzerland	mid
A Randomised Phase 2 study to examine feasibility of Standardized, Early Palliative (STEP) Care for patients with Advanced Cancer	Jennifer Philip (VCCC) , <u>Peter Hudson</u> , Jon Emery, Linda Mileshkin, Brian Le, Anna Collins, Brian Le, Vijaya Sundararajan, Susan Hanson, Caroline Brand, Sibilah Breen, Sam Mancuso, Sonia Fullerton, Soula Ganiatsas	Victorian Cancer Agency (VCA)	end
PEARL: a randomised Phase III trial of palliative care in early advanced lung cancers	Jennifer Philip (VCCC) , Jennifer Weil, <u>Indy Khera</u>	Cancer Council Victoria	end
Confidence to Care: A multi-state randomised controlled trial of structured nurse-led home-based support and education for carers of people with High Grade Glioma (HGG).	Georgia Halkett (Curtin) , Anna Nowak, Elizabeth Lobb, Jane Phillips, <u>Peter Hudson</u> , Rachael Moorin, Therese Shaw, Lisa Miller, Max Bulsara; Anne King, Anne Long, Stephanie Fewster, Daphne Tsoi, Katharine Drummond, Helen Wheeler, Meera Agar, Kim Peppiatt, Anne Wakeling	Cancer Council WA/Cancer Australia	end
Evaluation of Dyadic Psychoeducational Interventions for People with Advanced Cancer and their Informal Caregivers (DIADIC): An international randomized controlled trial	Joachim Cohen (Vrije) , <u>Peter Hudson</u> , Agnes Van der Heide Richard Harding, Kevin Brazil, Luc Deliens, Massimo Costantini, Mogens Groenvold, Charles Normand, Phil Larkin, Julie Ling, Isabelle Manneh-Vangramberen	Horizon 2020 – European Commission	mid
